Thanks for forwarding Deb.

I wanted you to know that, after 4.5 years at EPA, I will be leaving in about a week. Though our meetings were few, they were both pleasant and highly informative. I gained a first-hand appreciation from you and John Fenton of issues and conditions in Wyoming that I never could have obtained anywhere else. I know you and John are deeply committed to finding long-term solutions to water quality concerns in Pavillion. This is a goal that EPA shares. Working with the State will be challenging but I believe they are sincere in their desire to do the right thing. EPA is not disappearing. We will be part of the process every step of the way as the State moves forward.

I have great confidence in Howard Cantor and his team in Region 8 and you should feel free to reach out to them, as you've done in the past.

Best of luck – BOB

Robert M. Sussman
